

THE MOST COMPLETE HRMS AND PAYROLL SYSTEM IN THE PHILIPPINES

Customizable to meet your business needs

ACCURATE PAYROLL IN MINUTES

Payruler is a complete Human Resource Management System (HRMS) with payroll system that deals with all facets of Human Resource (HR) that normally give business owners and managers a headache. With Payruler, all of the time, money and effort initially put into the payroll process is made available for use elsewhere, increasing productivity in other areas of your business.

MOBILE (FOR IOS AND ANDROID)

Payruler is also available as a mobile app for IOS and Android. With this app, employers are able to keep track of employees, approve leaves, and sign off on business matters while on the go. Employees have easier access to information through the Employee Self Service portal on the app. It is now possible for them to time-in during field work (Timeruler). Check their payslip, leaves, loans and more.

OFFERINGS

SOFTWARE AS A SERVICE (SAAS)

Free control over all the modules, with the system housed in the payruler server. This model is best suited for companies with less than 50 employees

IN-HOUSE DEPLOYMENT

System is hosted in your business own server. This model is best suited for companies with 100++ employees.

PAYROLL AS A SERVICE (PAAS)

Payruler processes and computes payroll for your business. All you have to do is review approves, and wait for the payslips to arrive. This model is best suited to companies with less than 50 employees.
