Enterprise Risk Management

Navigating Through the Three Phases of Risk Management

Program starts in March 2024

Enterprise Risk Management

Navigating Through the Three Phases of Risk Management

The Enterprise Risk Management (ERM) Program is designed for the senior executive in charge of a major functional area or business unit and is responsible for influencing the company's risk management policies and strategies. This program is designed to help participants develop an integrated, firm-wide, and risk-aware view of firm strategy and implementation. At the end of the program, the participant will be able to use risk management tools to identify major uncertainties facing his organization, assess opportunities and potential losses, develop alternatives for risk handling, and assess these alternatives in light of the organization's business goals.

PROGRAM OBJECTIVES

- This ERM program aims to help decision-makers take charge of uncertainty brought by multi-faceted risks encountered by the firm.
- Develops a comprehensive approach to the management of risks facing organizations.
- Applies management tools and frameworks to contextualize, identify, analyze, evaluate, and treat risk.
- Utilizes a risk approach that recognizes that the firm's strategy is crafted implemented in an environment of uncertainty.
