Testimonials

**Enrique Jaime
T. Hilario**

Data Analyst, Manila Bulletin
Business Analytics Program

This program gave me the confidence to inspect databases, extract data, as well as process and analyze it for business decision making. I highly recommend this program to anyone who wants to become a data analyst since these are essential skills. The power of interpreting and analyzing data is very crucial and could dictate a company's course of action.

When we first thought about building the capacity of our patient leaders, of course I talked to other institutions, but it was really the School of Executive Education and Lifelong Learning through Professor Albert that we saw a very comprehensive module and certificate course.

Karen Villanueva

President, Philippine Alliance
of Patient Organization (PAPO)
Postgraduate Certificate in Health
and Leadership Management Program
